THREE LOSE LIVES WHILE BATHING

Lee S. Robinson, Drowned Opposite This City Yesterday

BROTHERS VICTIMS

Abner and Howard Shacklett Drown In Small Creek at Mount Jackson Sunday Morning.

While bathing on the Maryland side of the river, directly opposite the Duke street wharf, Lee Smith Robinson, 17 years old of this city, was drowned about noon yesterday. Three hours afterward the body was recovered by Harbor Police Boat Major Sylvester of Washington, and brought here and taken to Wheatley's mortuary chapel and prepared for burial.

Robinson accompanied by a number of companions went across the river yesterday morning and went in bathing. They were near a dredging machine and Robinson who was unable to swim, walked into a hole near the dredging machine and never came up again. His companions gave an alarm and soon a search for the boy was begun. The Washington police were notified and Major Sylvester after being on the scene a short time recovered the body at the point near where Robinson was drowned. Robinson was a son of the late Lee Robinson, of this city. He is survived by his mother, Mrs. Emma Jones, who is not a resident of Alexandria. The deceased made his home with his grandmother, Mrs. S. C. Robinson, 1121 Duke street and was employed at the Old Dutch Market, this city.

His funeral will take place at 5 o'clock tomorrow afternoon from 1121 Duke street, and services will be conducted by Rev. Dr. W. J. Morton, rector of Christ Episcopal Church. Burial will be in Bethel cemetery.

Two former Alexandria boys, brothers, also lost their lives yesterday morning while bathing in a creek at Mount Jackson, Virginia. They are Abner Shacklett, fourteen years old, and Howard Shacklett, twelve years old, son of Benjamin C. Shacklett, a Southern Railway conductor who now lives in Washington at 632 E Street, northwest, and Mrs. Grace M. Shacklett, of 713 King street, this city.

The boys were visiting Mount Jackson with their stepmother and they decided to go in bathing about 10 o'clock yesterday morning.

Both lads went to a creek nearby and neither were very proficient at swimming. They got into a hole and never came up again. Their stepmother who accompanied them witnessed the drowning and is prostrated as is also the mother and father.

Capt. Shacklett received word yesterday of the drowning and upon arriving in Alexandria yesterday afternoon after making arrangements with Undertakers Demaine and Son for the sending of the bodies here left at once for Mount Jackson.

The bodies of both boys will arrive here at 7:58 o'clock tonight and will be taken to the residence of their mother, 713 King street, and prepared for burial. The funeral arrangements have not yet been completed.

MRS. F. L. PLITT DIES

SENATOR HARDING AND GOV. COOLIDGE

Nominated as Republican Candidates at Chicago Saturday

DEMOCRATS PLEASED

Generally Believed Standard Bearers Will Prove Weak in the Coming Campaign.

Chicago, June 14.—Senator Warren G. Harding, of Ohio, was nominated for the presidency by the republican national convention Saturday afternoon on the tenth ballot. The Pennsylvania vote of sixty gave Harding a total of 520.2, while 493 was sufficient to nominate.

Calvin Coolidge governor of Massachusetts, was given second place on the ticket on one ballot, a tremendous majority of the delegates coming joyously to his support. Boynton, of California, offered a resolution authorizing the Republican national committee to fill all vacancies that may occur on the ticket nominated by this convention, in event of death or other contingency. It was unanimously adopted. The convention adjourned at 7.32 p. m. The band in its loft nest played the Star Spangled Banner as the delegates and spectatoors moved towards the exists.

Belief that Senator Warren G. Harding would be nominated for President by the Republicans permeated the big coliseum when the delegates gathered at 3 p m., Saturday to assume balloting. The air was vibrant with excitement. On the floor of the convention delegates jammed the aisles and engaged in animated discussion. The Ohio delegation and other Harding adherents came in ready to spring a big Harding demonstration. Delegates from other states began visiting the Ohio section congratulating the Ohio delegates. The Ohio delegation was a center of attraction. The move to desert other candidates for Harding was far from being universal, however, Johnson men on the Illinois delegation declared they would not switch. There was still Lowden yelling.

In the Missouri delegation one man climbed to his chair, and in a voice hoarse and ragged from excessive cheering made a speech urging votes for Harding. The Kansas delegates were discussing the proposition of uprooting their stand and carrying it over to where the Ohioans sat. The crowd was happy and full of fresh enthusiasm despite the heat. The band played with a new swing, and "What's the Matter With Harding" roared from one of the side galleries. The big picture of Harding was brought down to the front rank of the Ohio delegates and there hoisted on a tall pole.

At 4.12 p. m. the stage apparently was set. The galleries were packed to the roof. On the floor bands of outsiders forced their way into the section reserved for delegates and milled around in general confusion. A man in the gallery started singing "Hail, Hail, the Gang's All Here." Part of the crowd joined in, but the vocal efforts were squelched when an Ohio delegate forced his way to the rostrum with the gigantic photograph of his candidate. The crowd broke into an uproar of cheers.

Former Governor Willis, who placed Harding in nomination predicted "that the cyclone will strike about the tenth ballot." He said the trend would approach big dimensions on the ninth ballot. Members of the Louisiana delegation said they were ready to go over to Harding.

Governor Coolidge issued the following statement last night:

"The nomination for Vice President, coming to me unsought and unexpectedly, I accept as an honor and a duty. It will be especially pleasing to be associated with my old friend, Senator Warren G. Harding, our candidate for President.

"The Republican party has adopted a sound platform, chosen a wise leader and is united. It deserves the confidence of the American people. That confidence I shall endeavor to secure."

St. Mary's Sunday School has completed arrangements for its first annual excursion to be given Wednesday to Marshall Hall.

VICTORY MAY BE EASY

Secretary Meredith Attacks Harding Stand on Farm Revenue

Administration officials last night issued statements expressing belief that the choice of Senator Harding by the Republicans would make easier the work of the Democrats when they meet at San Francisco.

Among opinions made public are these:

Secretary of War Baker said: "I think the Republican choice of a candidate makes the Democratic course simpler. Further than that, I would rather not comment."

Secretary of the Navy Daniels: "The selection of Harding at Chicago makes it certain that the next President will be chosen at San Francisco. This will become more and more clear as time passes. His selection shows the old Republican fetish that Ohio is a pivotal State, and the selection of an Ohio man good political strategy. They do not even see that Ohio has become independent and politically intractible.

"In addition to this, they have named a candidate so neutral in record and policies that he will not hold even the old-line Republican vote."

Secretary of Agriculture Meredith: "The Republicans have sealed their fate when they nominated Harding In addition to tihs other disadvantages, he is antagonistic to the farmer, having worked to reduce the agricultural appropriations as much as possible; he is antagonistic to labor, and is so reactionary that he can make no sort of effective appeal to the great progressive vote of the West. The people will judge the Republicans on the record of the Republican Congress and that judgment will be a severe one."

Godfrey was employed at the transfer table of the Washington Railway and Electric Company.

DEATH OF THOMAS HOY

The death in Washington on Saturday of Thomas Hoy removed from the land of the living another of the very few old Alexandrians who have been identified with the city's history during the past three score or more years.

The deceased was an apprentice to William Evans, an Englishman, who conducted the plumbing and tinning business on the east side of Pitt street, near King, in the early fifties. Evans, it will be remembered, was one of the seven firemen killed by a falling wall in Turner and Dowell's china store, on the north side of King street, between Fairfax and Lee, early on the morning of November 17, 1855.

Mr. Hoy during the civil war was a partner with the late Richard Purcell, the firm conducting the tinning business at the southwest corner of King and Washington streets. Later the partnership was dissolved when the deceased removed to the southwest corner of King and Pitt streets, and later to the south west corner of King and St. Asaph streets.

As we suggest above, but few old Alexandrians remain with us. The population during the past few years has undergone a marked transition. The larger percentage of present residents have come into our midst recently, and old Alexandrians pass and repass numbers of persons who are strangers to them. The number of trees left in the clearing become few as time moves on, and the death of Mr. Hoy causes us to realize the fact that ere many years shall have elapsed those acquainted with the city's history and recollection will have passed from earth into the eternal world.

The writer was walking on King street recently when an old resident, whom he knew but with whom he had never been familiar, stopped him and said: "There are so few old Alexandrians left in the land of the living when I meet one I enjoy the privilege of stopping and shaking hands with him."

WAR ON SLOT MACHINES

Several weeks ago a number of men who conduct pool rooms and soft drink establishments in this city were cited to appear in the police court and show cause why they should not be fined for conducting gambling by operating slot machines into which it was alleged pennies and nickles are dropped by young and old in the hope that they will scoop in more than they venture.

It was contended by the accused that the devices were operated upon honest principles, and that those who played them received packages of chewing gum for the money ventured. But it was also asserted by witnesses for the commonwealth that checks were procured from the proprietors and that players might win as high as a dollar's worth after dropping a nickle in the slot. These could be redeemed in merchandise, while it was alleged that the checks were often cashed by parties having slot machines in their places of business. Hence the charge of gambling.

Only one of the parties was fined, and he noting an appeal to the Corporation Court it was deemed expedient to take no further action against the other parties, as the disposition of the first case would be the precedent to follow.

The court announced that those operating the machine could continue their use so long as the players received an equivalent for the amount they ventured, chewing gum, cigars, etc., but not otherwise, until the higher court could pass upon the cases.

It was, however, discovered last week that the slot machines were again being used as gambling devices by certain persons, and the police were directed to notify all having slot machines on their premises to cease using the same in any manner until the Corporation Court shall have acted.

HIGH PRICE FOR MANUSCRIPT.

The highest price on record for a manuscript was recently paid by Thomas Danlos, a French connoisseur, for the manuscript of "The Book of the Apocalypse." Danlos paid $69,000 for the book at an auction at Tours.

The capstone of scripture, the Apolcalypse, is seldom read by the great mass of church members or church goers, as it was written by the seer of Patmos nearly nineteen hundred years ago the moral of the fable of the cock scratching up a jewel on a dung hill would be applicable.

Thomas Carlyle in his essay on Mahomet says the book of Job is the greatest product of the pen of man. A few people, minus the mental powers or education of the great Scotch thinker, say the Apocalypse appeals to them as no other book extant.

But it requires a familiarity with every other portion of the sacred writings in order to appreciate the merits of this wonderful production which is a panorama of happenings which are to accompany the wind up of our age.

RESISTING POLICEMEN

F. L. Liggon was fined $50 and costs by Police Justice Crutchfield, in Richmond Saturday for resisting Policeman M. R. Brown while the latter was in the discharge of his duty. Liggon was also fined $5 and costs on a charge of being drunk.

This is a common offense in Alexandria, officers often being forced to use their batons in self-protection. Many years ago an officer, who was about to be beaten to death by men he was attempting to arrest, shot and killed one man on the river front. He also shot another, who later died probably from the effects of the wound.

Generally when a law-breaker gets the worst of it as the result of resisting or attacking an officer the Police Court adjudges his injury a sufficient punishment for his temerity, but this course is subject to criticism.

When a desperate man attacks an officer of the law, or any one else, he commits a felony, and the fact that the assailant suffers injury in his foolhardy experience should not exempt him from the penalty of the law he has broken.

Justice Crutchfield will doubtless be upheld in the course he took in the case referred to.

The above was written by Harry Grayhurst, manager of the local branch of the Capital City Sales Company, of this city. Mr. Grayhurst has been identified largely during his lifetime with athletic contests.

15-CENT SUGAR COMING

Argentine President Waivers Export Restrictions on 14,000 Tons

Buenos Aires, June 14.—Based on the domestic price at which Frederic J. Stimson, United States Ambassador to Argentina, obtained 14,000 tons of sugar for the account of the United States, plus the transportation cost, it is estimated that sugar will be landed in New York at 15 cents a pound. It probably will require five ships to transport the sugar.

President Irigoyen's action in waiving exportation restrictions is believed here to have been a special favor to the United States.

It is learned private interests have contracted for a total of 50,000 tons additional for exportation to the United States.

SHOOTS WIFE AND SELF

Grantsville, Md., June 14.—With their twelve children looking on, Albert R. Raymond, near Chalk Hill, on the National pike, west of here, shot his wife five times, and believing her dead, killed himself with a rifle, using his toe to press the trigger. She may recover.

Raymond was 55 and his wife is 50. The shooting occurred a few minutes after police had appeared at the Raymond home to arrest him for wife beating. Mrs. Raymond had pleaded with them not to take him, saying that their differences had been settled. The police then left.

Mrs. Raymond has a bullet in the neck, a wound in the chin, one in the right side and a fourth in the hand.

VIRGINIA NEWS

After electing officers for the year and selecting Petersburg as the place for the next meeting, the Virginia State Sunday School Association, in annual covention at Harrisonburg, adjourned yesterday.

J. Kent Greer, son of a wealthy landowner of High Point, N. C., was convicted in Danville yesterday of stealing on March 25, 1919, an automobile belonging to Seth Taylor and was sentenced to six years in the State penitentiary. Greer's defense was that he bought the car from the thief, not knowing that it was a stolen car. He was refused bail pending an appeal.

Four persons on board the army transport Mount Vernon, committed suicide after one of the ship's propellers broke off the Virginia coast, according to a radio dispatch. The transport has aboard 4,000 Czecho-Slovak troops who are being taken to their native land from Siberia, 900 German war prisoners under a United States army guard and 250 women and children. She is heading for Norfolk and is due there today.

Three small children of Solomon Griffin, colored, a tenant on the farm of C. C. Rideout, near Stony Creek, were burned to death a few nights ago in a fire which totally destroyed the Griffin home. Griffin was not at his home when the fire was discovered about daylight, and only his wife and four children were at the house. Mrs. Griffin was able to save one of the children, carrying the infant from the burning house in her arms, but so quickly did the flames spread that she she was unable to reenter the house to attempt to rescue the other three children.

Just as soon as the plant of the Richmond Virginian can be dismantled and then reassembled in Norfolk John Peter Holland and associates will begin the publication of a newspaper in that city. The plans as announced provide for an afternoon newspaper of modern size. In addition to the afternoon publication there will be a Sunday morning newspaper.

After entering a plea of not guilty and sitting through a trial which lasted two days, James E. Foye, formerly a clerk at the Biltmore Hotel, New York, finally changed his mind late Thursday and peaded guilty to the theft of $350,000 worth of jewelry from Mrs. Regina V. G. Millhiser, of Richmond, while she was a guest at the hotel. All but $30,000 worth of the jewelry has been recovered.

Succumbing to injuries received when he, together with Miss Ruby Jones, were struck by an interurban car on the Petersburg turnpike W. R. Russell died Friday at Grace Hospital, Richmond. Miss Ruby Jones died Wednesday night.

Thousands of dollars will be distributed tomorrow to holders of Liberty bonds in Virginia when the semi-annual interest on two issues will be paid. These two issues are the first Liberty loan and the Victory Loan. Virginia people subscribed $25,928,050 to the first loan and $59,544,300 to the Victory loan, making a total of more than $85,000,000.

When the primary to name a congressman in the Second district is held the name of Judge James L. McLemore, of Suffolk, will not appear on the official ballot. He has withdrawn his name, which was filed by friends while they were seeking to have him enter for the nomination. They also paid the fee required by law. Judge McLemore has sent a letter to the auditor of public accounts asking that his name be withdrawn and that the fee be returned, repeating that he has not been and is not a candidate for the place.

Orlo D. James, one of the best known railroad officials of the East, died Friday at his residence in Richmond. He was born in Lafayette, Ind., April 27, 1857. About thirty years ago he came to Richmond as chief clerk to the auditor of the Chesapeake and Ohio Railway, and a few years later became auditor. This position he held without interruption until July of last year, when sickness compelled him to retire.

Friday was "Mapp act" day in the Corporation Court, Danville, as 32 men, indicted for violating the State liquor law, pleading guilty and accepting compromise verdicts, none of which resulted in jail terms. Some of the offenders drew $50 fines with 30 days in jail, with the jail term suspended, while a majority were fined $10. Twenty-two pleaded guilty to "drinking in a public place," which draws a less severe penalty than other clauses of the State liquor law.

The army transport Mount Vernon, bearing 4,000 Czecho-Slovak troops, 900 German war prisoners and 250 women and children passed in the Virginia capes Saturday afternoon, and docked at the army base at 3 p. m. The transport was taking her passengers from Siberia back to their native land. Her last stop before one of her propellers was disabled off the South Atlantic Coast, was San Francisco. The loss of one propeller forced her to abandon her course and head for Hampton Roads for repairs. She will be in dry dock, probably at the navy yard, for several days.

Miss Carrie M. Gregory, private secretary for John L. Lee, of Lynchburg, may have the distinction of being the first woman lawyer to take the examination to practice law in Virginia. Miss Gregory already has the honor of being the first woman notary appointed in the state. She will appear before the state supreme court of appeals at Roanoke next week for a license to practice law, and if there are no other women present for the same purpose, and she passes the examination successfully, she will be the first woman lawyer admitted to the bar of Virginia.

HEAT DEATHS IN CHICAGO

Four Other Persons Reported Prostrated

Chicago, June 14.—Seven heat prostrations, three of them fatal, and eight dog bites were reported to the police yesterday as the heat wave brought in by winds from the southwest, continued. One of the prostrations occurred at the Coliseum, where a young woman fainted just as the demonstration over the nomination of Governor Lowden was at its height. She was revived at the Emergency Hospital.

The chief of the local weather bureau said he saw no relief in sight so long as the wind continued from the southwest.

Certain-teed Roofing Resists Fire

Certain-teed Roofing is fire retarding and spark proof; consequently your fire risk is greatly reduced when *Certain-teed* roofs your buildings.

Burning embers carried by the wind from nearby fires are always a menace to old fashioned, inflammable wood shingle roofs. *Certain-teed* forms a permanent protection against sparks and embers and all such carriers of fire.

Because of the great risk of general conflagrations in congested districts, and of the lack of safe fire protection in the outlying and rural districts you should get this *Certain-teed* protection on your buildings.

In addition to being fire resisting, *Certain-teed* is a most economical roof. It resists all forms of weather attack—rain, sleet, snow, sun, etc. It is guaranteed by the manufacturer for 5, 10 or 15 years, according to the weight you select.

There is a scarcity of many types of roofing products—you can always get *Certain-teed* Smooth Surfaced Roofing, the most economical and serviceable roofing to be obtained.

See your dealer at once. He either has Certain-teed or can get it quickly from a nearby Certain-teed warehouse.

The Itching and Sting of Blazing, Fiery Eczema

Seems Like the Skin Is on Fire. There is a harassing discomfort caused by Eczema that becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source. The source of Eczema is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., for this remedy so thoroughly cleanses the blood that no impurities can remain. Get a bottle today, and you will see results from the right treatment. Write for advice. SHE BEAT UP HUBBY

Married Life One Long Wrangle for Most of Its Thirty-One Years

Newport News, Va., June 14.—Stating that her married life has been one long wrangle for most of its 31 years, Mrs. Kate Hughes, of 3315 Jefferson avenue asked Judge Robinson to place her husband under a bond to prevent his beating her. She said he had beaten her severely, and knocked her through a looking glass cutting her head.

Upon ascertaining that Mrs. Hughes had applied for divorce from her husband several days ago, Justice Robinson put her husband, Patrick Hughes under a bond of $100 to stay away from his wife. Mrs. Hughes stated that she had been beaten regularly for eight years, but had grown tired of it, and was not so strong as she was twenty years ago.

"That's it," Justice Robinson said "twenty years ago when I knew you, you could lick your weight in wildcats and Pat didn't have a chance. Now that you've weakened Pat is getting his turn, I think." Pat agreed that this was the case and said that all the property was in his wife's name, and she had ordered him out of the house. The judge advised the couple to go back home, and try to get along a little better in the future.

KILLS FORMER WIFE

Under present conditions our receipts of domestic coal are limited and prices are constantly changing.

We will be glad to enter orders; deliver the coal as promptly as we can secure it, and bill it to our customers on the basis of cost to us plus our usual gross margin, and this will have to be our policy at this time as everything indicates great uncertainty in the coal trade.

Our customers can be assured that we will do everything possible to keep the price as low as we are able to, consistent with quality, weight and service, and we shall be glad to have you entrust the business to us on this basis.

The Naval Torpedo Station of this city defeated the strong Athletic team of Washington by the score of 9 to 8. The Torpedo plant boys are just rounding into condition which is shown by their late start this season in winning games. Next Saturday afternoon the Torpedo Plant nine will journey to Fort Washington to play the soldier nine. These boys have only been defeated once this year and a good game should be on hand for all who attend.

DREADNAUGHTS WIN EIGHTEENTH STRAIGHT

Wake up! all of you who are not aware of your having one of the best clubs now playing amateur baseball in this state right here in Alexandria. This team, known as Big D boys are now bringing glory to Alexandria by winning games with such regularity that many large cities in this vicinity are asking "Who are those Dreadnaughts of Alexandria?" Fredericksburg was anxious to see them and try them out against their best. So the Big D lads made a trip to this old Virginia town Saturday to play the first game of the many games to be played this year to decide the state championship. What did they do? They administered an awful beating to this Fredericksburg team by the score of 11 to 1. The writer being in a position to know, can say that the Fredericksburg people and fans have gone wild over the team. Many of the old timers claiming that it was the best amateur team they have seen in the state during the past 15 years. During the first part of the game the large crowd that witnessed the battle were jeering but when the game had gone as far as the 5th inning these jeers were turned to cheers for the Dreadnaught boys, by the large mob present. Jimmy Quayle the Dreadnaughts pitching ace was given a rousing ovation from everyone who saw the game. Many congratulating him on his fine exhibition of striking out 14 and allowing 4 hits. The entire team gave him wonderful support and brought the crowd to their feet with many fast plays that completely took the pep out of the opposing team.

Yesterdays game was very fast and interesting, the Hyattsville lads bringing over a crack team, with the score 7 to 3 in favor of the Dreadnaughts the game had to be called at the end of the 5th inning on account of rain.

Several features consisted of the fine pitching of Frosman for the locals and the timely hitting of the Big D lads.

After asking the Cardinals to give them a game to make amends for their failure to play last Sunday (letter published in full from their manager in the Gazette) the Marines canceled again yesterday's game.

However Chief Boatsman's Mate J. T. Clark of the Naval Air Station team, proved a friend to the Cardinals by bringing his men to this city to play in the place of the Marines. The Cardinals won by a 14 to 1 score. The Airmen have a good team but did not have time to practice for the game.

"Speedking" Jones, as usual, was in form and he twirled in fine fashion while his chum, "Teddy" Schaeffer, the laddy buck behind the mat, clung to the ball like a kid does to an ice cream cone and would not part with it until he gained his point by retiring a player.

Fetreault, the "live-wire" lad, late of Lowell, Mass, played a brilliant game, his throwing, fielding, batting, and baserunning was one of the features of the game.

Jim Sweeney, first base; Babe Payne, second base; Frank Owens, third base; Fred Burrill, right field; Joe Owens, left field, and Jimmy Alexander, the "Speedboy" in center field all covered themselves with glory by their all-around classy ballplaying.

DEMOCRATIC CHANCES

Flood Believes Harding's Nomination Assures Victory for His Party at Polls

Washington, June 14—Overnight reflection on Senator Harding's nomination for the presidency by the Republicans has given another boost to the hopes of the Democrats.

One of the chief rejoicers over the nomination of Harding and the defeat of Johnson was representative Flood, of Virginia, chairman of the Democratic congressional campaign committee. He said:

"The fact that the Republican convention has disposed of the most dangerous candidate from the Democratic point of view, Hiram Johnson, in favor of an 'Old Guard' candidate, with little on which to base a popular appeal, has put new heart and increased hope in the Democratic campaign.

Mr. Flood's chief concern, of course, is the election of a Democratic majority in the House of Representatives. He believes the selection of Harding to head the Republican ticket will aid in this effort.

The Democrats need to win only twenty-four additional members to wrest control of the House from the Republicans, Mr. Flood pointed out, and only two additional members for control of the senate.

Plans already have been laid, he declared, for one of the most vigorous campaigns ever waged."

"In the last election," said Mr. Flood, "a number of Republican Senators and scores of members of the House were elected by very narrow majorities in hotly contested elections. This was especially the case through the West.

"This time we are going to take no chances. The field will be covered thoroughly, and every voter will have before him the miserable record of the recent Republican Congress."

SHOT BY STUDENT

Head of Albanian Mission in Paris Shot Twice in Chest

Paris, June 14.—Essad Pasha, head of the Albanian delegation in Paris and former provisional President of Albania, was assassinated here yesterday.

Three shots were fired at him by an Albanian student, two of which took effect.

Essad Pasha was emerging from the Hotel Continental in the Rue Castiglione when he was confronted suddenly by a young man, who later gave his name as Rustem Axeni and said he was an Albanian student.

Without uttering a word Rustem fired two shots, which struck Essad Pasha in the chest, and other which went wild. Essad sank to the ground. He was picked up and taken to his bedroom where he died shortly afterward.

The assassin was arrested by a waiter. He told the police he arrived in Paris on May 31 and declared the crime was not premediated Recognizing Essad Pasha, whom he held to be responsible for the sufferings of Albania, he said he felt a sudden impulse and fired the shots. Rustem termed Essad "the Albanian dictator."
